7. CLAIM: A photographer filmed the sixth-floor window of the Texas School Book Depository Building at 12:30 the day of the assassination. This photograph shows two silhouettes in the stockroom and a clock on top of the building indicating the time as 12:30. Pages 96-97.

INVESTIGATION: Such a photograph is not known to the FBI. However, the FBI has a copy of a photographic print made from a movie film reportedly taken at the assassination scene. In the print an object appears in the window from which the assassination shots were fired. This photograph has been examined by the FBI FBI Laboratory and the U.S. Navy Photographic Interpretation Center, Suitland, Maryland, and the conclusion was reached that the image seen in the window does not depict the form of a person or persons and is probably a stack of boxes later determined to have been in the room. No clock on top of the building appears in this photograph.
